

April 2017

For The Union Vice Presidency

I am Vincent Haughwout and I am giving you my credentials for service as Vice President of the HTA. Since 1999 I've served as Vice President of the HTA. During this time I've worked on negotiations of all contracts and with management; policies such as Workmans Compensation and Nassau County Emergency Days. Since 1999, I've also chaired the Health and Safety Committee. Most of you come to me with your concerns and I will continue to be there for you to speak to. If you vote for me I will continue to do my best for all our members.

Thank you,

Vincent Haughwout
Vice President of the HTA
